Vision of You

Shane & Shane

Come meet us, King Jesus
Oh, wind of change blow through this temple
Sweet spirit of God, come and mend our hearts
For all we have are songs, unless you comeAwaken what's inside of me
Tune my heart to all You are in me
Even though you're here, God comeAnd may the vision of You be the death of me
And even though
You've given everything, Jesus comeCome free us, King Jesus
It's the only way that freedom's given
From you and you alone in the work You've already done
For all we have are songs, unless You comeAwaken what's inside of me
Tune my heart to all You are in me
Even though you're here, God comeAnd may the vision of You be the death of me
And even though
You've given everything, Jesus come, oh, Jesus comeHere we are in this place
Crying out for Your embrace
To hear Your voice more than songs
Oh, please come, Jesus comeAwaken what's inside of me
Tune my heart to all You are in me
Even though you're here, God comeAnd may the vision of You be the death of me
And even though
You've given everything, Jesus come, Jesus comeAwaken what's inside of me
Tune my heart to all You are in me
Even though you're here, God comeAnd may the vision of You be the death of me
And even though
You've given everything, Jesus come[Incomprehensible] Jesus come
