Days

Ayiesha Woods

You ever had a day
When you're on such a spiritual high
When you're feeling strong
'Cause you've got all of heaven on your sideEver had a day
When your confidence is high
And you feel like nothing can make you fall
Or even compromiseBut what about those days
When you're not feeling so strong
And you cry cause you don't know what to do
Thinking that you're all aloneAnd what about those times
When so much is on your mind
And everything you've tried to forget
You just can't seem to leave behindDon't you wish that every day was an easy day
And there was nothing that you couldn't do
But if every day was an easy day
You'd never be able to say that Jesus brought you throughYou ever had a day
When tomorrow didn't count
'Cause you were caught up in the moment
On cloud nine without a doubtYou ever had a day
When you knew yesterday was gone
And there was nothing that even mattered
'Cause you already knew you wonBut what about those days
When you just don't understand
And just when you're getting up
It seems you're falling down againWhat about those times
When it's not so easy to believe
When doubt causes you to only
Go by what you seeDon't you wish that every day was an easy day
And there was nothing that you couldn't do
But if every day was an easy day
You'd never be able to say that Jesus brought you throughOnly if every day was an easy day
If every day was an easy dayDon't you wish that every day was an easy day
And there was nothing that you couldn't do
But if every day was an easy day
You'd never be able to say that Jesus brought you throughIf every day was an easy day
This is the day that the Lord has made
And I will rejoice and be glad in it
Said this is the day that the Lord has made
And I will rejoice and be glad in itWhat about them days?

What about them days?
What about them days?
You gotta go through something
If you wanna get somewhere
