Gone With the Wind

The Plastic Pals

Twisting turning
The winds are burning
Leaving me without a name
How will we ever find our way...
Snow was falling
I could hear the frightened calling
Fear taking over every man
Life meaning nothing more than sand...
Wind will sweep away
The traces I was here
A story in a teardrop
That's all I have to give...
Rage inferno swallowing the life that I know
Strenght is the only way to fight

You must look up to see the light...
Gone With The Wind...
Take all I know
Turn it into darkened shadows
They'll disappear in the sun
When a new story has begun
She survived the nightmare
Began a whole new life here
But I can see behind those eyes
She still sees those fires in the night...
Twisting and turning
Oh, the winds are burning
Leaving me without a name
How will we ever find our way...
