Oh, How I Miss You Tonight

Nick Lucas

Oh, how I miss you tonight
Miss you when the lights are low
Oh, how I need you tonight
More then you'll ever know
Each moment that we're apart
You're never out of my heart
I'd rather be lonely
And wait for you only

Sweetheart
How I miss you tonight
Oh, how I miss you tonight
Miss you when the lights are low
Oh, how I need you tonight
More then you'll ever know
Each moment that we're apart
You're never out of my heart
I'd rather be lonely
And wait for you only

Sweetheart
How I miss you tonight
Each moment that we're apart
You're never out of my heart
I'd rather be lonely
And wait for you only

Sweetheart
How I miss you tonight
