Intro

Ladies and gentlemen
I'd like to introduce to you
Christina
It's about time, yea
It's about time, yea
Come on
It's about time you get to know me
Everything in my life has been about timing
My business life
Personal life
I would've given in to what everybody else wanted
For certain things tha' happened when they weren't supposed to
I feel I wouldn't be in the position I am in today
I feel blessed
My time to live
(My time to see)
It's time that you get to know me
It's my time
It's about time
My time to live
(Aaa)
(My time to see)
(Ba ba, ba ba)
It's time that you get to know me
(Ba ba ba ba)
(Aaa)
It's my time
Oh ooh
(Aa aa ahh)
