# Beautiful

## Marvelous 3

I don't know, I don't care
If I see you, everywhere
It's gonna hurt, either way
When he looks at other girls when you look awayDon't wash your hair, it's too early
Don't wash your mind if it's dirty
I wouldn't change a thing about you 'causeYou look like you and that's just beautiful
You smell like you and that's just beautiful
You feel like you and that's just beautiful
The only ugly thing about it, is that you're not mine
You're not mineIt's all the same, he's one of those
He doesn't like your Madonna nose
A little cut, no one will tell
I really wish you'd tell him he should go to hellDon't wash your hair, it's too early
Don't wash your mind if it's dirty
I wouldn't change a thing about you 'causeYou look like you and that's just beautiful
You smell like you and that's just beautiful
You feel like you and that's just beautiful
The only ugly thing about it, is that you're not mine
You're not mine, woahGirl, you look like you and that's just beautiful
You smell like you and that's just beautiful
You feel like you and that's just beautiful
The only ugly thing about it, is that you're not
The only ugly thing about it, is that you're not mineI know you can't take it, you try so hard to fake it
You're never gonna leave it alone
I know you can't take it, you try so hard to fake it
You're never gonna leave it aloneI know you can't take it, you try so hard to fake it
You're never gonna leave it alone
I know you can't take it, you try so hard to fake it
You're never gonna leave it aloneYou're not mine, you're not mine
