Green Lights

NRBQ

Green Light
Any old time
You got your dial tuned in
Baby by your side
And your gettin' in a cool ride
It feels so good
You got the top pulled in
Wind in your hair
Destination is you don't carechorus: Crazy sound on the radio
She feels something
Now you know there's no place that you'd rather be
Now move it on up
You know it's feelin' all right
Foot's to the floor
But you think that you can do more
Wind shield clear
And the night is so bright
Baby so near
And she's givin' you a green light chorus
Any old time
You got your dial tuned in
Baby by your side
And your gettin' in a cool ride
