# Caddillac Love

## Lloyd

Ohhhhhh
Oh oh woo
Ummm yeah
Hey
[Verse 1: Lloyd]Now girl I know you down to ride
The places we can go to
My Caddillac's parked right outside
And you know that it's old school
Sitting low in my 64
Hit the switches we can cruise baby
It's only one thing I want you to know
And soon yeah
[Chorus: Lloyd]Girl I love your body
Hop in my big body
And let me hit you off with some Caddillac love
I love the way that you move
Come on baby let's cruise
Let me hit you off with some Caddillac love
Caddillac love (love)
[Verse 2: T. Walters]Where we rolling out tonight
Can't wait till I can touch you

I know that I can get you right
You looking good on those 22's
Gripping grain on a Saturday night
Its gone get crunk boy I'm feeling you
From the wood to the chrome
Boy you know that's it's on (it's on)
[Chorus: T. Walters]Boy I love your body
I'm all in your body
And let me hit you off with some Caddillac love
I love the way that you move
Come on baby let's cruise
Let me hit you off with some Caddillac love
I just want to ride (ride, ride)
So baby come inside (ride, ride)
I just want to ride (ride, ride)
So baby come inside (ride, ride)
Let me come inside

[Chorus (T. Walters)][Chorus (Lloyd)]I just want to ride
