Symbiont

Mysterya

"Control my tiniest motions
Withhold my simplest needs
I wish you weren't this close now
I wish you didn't succeedYeah, so what - it's another day
You're gonna take it from me anyway
I can't seem to remember now
What it was like to live life before you, symbiontI want to go but I have to stay
I know you'd be there anyway
I need you and you need me
so much for bliss when I kiss this enemy
Mine
Were dancing on a thin lineControl my tiniest motions
Withhold my simplest needs
I wish I didn't need you now
I wish you didn't need meYeah, so what - it's another day
You're gonna take it from me anyway
I can't seem to remember now
What it was like to live life before you, symbiontI want to go but I have to stay
It doesn't matter if I leave because you'd be there
anyway
I need you and you need me
so much for bliss when I kiss this enemy
Mine
We're dancing on a thin lineEraseable - Expendable
Untraceable UnmendableEraseable - Expendable
I Wish I didnt need you now
And I Wish you didnt need meI Wish I didnt need you now
And I Wish you didnt need me
Need You Now
You Need MeCause you hate me
and I hate you
but you need me
and I need you
I need you
Need you now"
