Ultimate Gift

Enchant

And there you were beside me in the middle of the crowd
It took so long to find me while I cried to you out loud
It seemed like forever I was so alone
I thought I'd never find homeI was stumbling in the darkness
I was living underground
Now I'm standing in the sunlight
Basking in this love I've found
It's the first breath of a baby
It's the warmth of a touch
I'm giving you my vow
I'll say it here and now
Nothing I could do could mean as much
I savor every moment I hang on every word
It's rapture just to touch you
The world becomes a blur
I'm a better man with you
Than I was by myself and when I kiss you can tellIt's finding what you're after
It's what it's meant to be
When I hear your laughter
And when you look at me
It's like living in a daydream
It's like heaven here on earth
I don't have much to give but as long as I shall live
I give to you my heart for what it's worth
I was drowning in an ocean
A lost soul set adrift
I was wandering in the desert
I was stepping off a cliff
I was hanging by a heartstring
I was just about to slip
When you came to my rescue and gave to me the ultimate giftIt's a feeling of completness
It's half that now whole
Now I see forever when you look into my soul
It's a drug I've never taken
It's like walking throught the clouds
Words cannot describe just how I feel inside
Because of who you are I'm free somehowIt's finding what you're after
It's what it's meant to be
When I hear your laughter

And when you look at me
It's like living in a daydream
It's like heaven here on earth
I don't have much to give but as long as I shall live
I give to you my heart for what it's worth
