

# Missing

## The Roches

by David Roche  
He's not dead or alive  
He's not off with some other guy  
He's not lost track of the time  
He's just Missing  
People say hey it'll never happen to me  
Just goes to show how foolish people can be  
I've been waiting all night for a sign from my baby  
But he's Missing  
He's not coming through the door  
He's not dialing the phone  
He's not out on the dance floor  
He's not walking home alone  
He's just Missing  
He's not drugged or lost  
Or trying to escape  
He's not being raped  
He's not in my arms  
Looking in my eyes  
Smiling for me  
He's just Missing  
People say hey it'll never happen to me  
Just goes to show how foolish people can be  
I've been waiting all night for a sign from my baby  
But he's Missing
