Northern Lights

30 Seconds To Mars

Don't ever take a single second to breathe,
They're going to send me on a murdering spree.
I can not wait to dance upon your grave.
They don't even have a soul left to be saved.
But you believe when you're young.
We swam among the northern lights,
And hid beyond the edge of night.
Waiting for the dawn to come,
And sang a song
To save us all
Hey, ohh, you want a holy war?
Hey, ohh, you want a holy war?
I am alive, just playing dead.
I'm going to say what should have never been said.
The giants of the world, crashing down.
The end is near I hear the trumpets sound.
But you believe when you're young.
We swam among the northern lights,

And hid beyond the edge of night.
Waiting for the dawn to come,
And sang a song
To save us all
But you believe when you're young.
But you believe when you're young.
But you believe when you're young.
But you believe when you're young.
I am alive I'm just playing dead.
I am alive I'm just playing dead.
We swam among the northern lights,
And hid beyond the edge of night.
Waiting for the dawn to come,
And sang a song
To save us all
We swam among the northern lights,
And hid beyond the edge of night.
Waiting for the dawn to come,
And sang a song
To save us all
