Missing Link

Machinae Supremacy

Proven only by a science
undecided for us
in a world that we all lack
Even though there are demons
in the shadows
I have no intention of turning back
And it seems like the moon is falling
and the sky comes crashing down
and my fate is ever calling
As I traverse the trail of timeI seek only where to find you
One day at a time I'll try to
make sure that I'll be beside you
again once more be
the one who guides youAnd it seems like the moon is falling
and the sky comes crashing down
and my fate is ever calling
As I traverse the trail of timeI seek only where...
