

Let You Down

Theatre of Tragedy

No risk
No fun
I'm here
You're gone I'm cool
You're hot
I love you not Don't say
A word
Unless you're heard I know
I hate
To see you rude I think I'll let you down
You should've let me go
I think I'll make you leave
Cause you have lost control You pushed
The line
Too far bye bye Turn over
There's
No need to try You waste
Your time
You're absolutely useless baby
