Lucky

Slick Shoes

Who are you sent from heaven just for me?
That may not be, but that's how it seemsWhy have you come into my life?
You've taken my heart
How do you make me cry?You say you don't believe in luck and I do agree with you
Sometimes I really have to wonder
I sure feel lucky when I'm next to youI'll never understand what you see in me
I'm just a normal guy, plain as can beI really love to see you smile
You've turned me upside down
And I don't even mindYou say you don't believe in luck and I do agree with you
Sometimes I really have to wonder
I sure feel lucky when I'm next to you
