Almost There

No Warning

Bustin' my ass for far too long
Trying to even things outMy life follows the same beaten path
I've seen enough to know what it's aboutEveryday I say to myself, tomorrow will be different
Reality I have no clue what the fuck I'm doingOne day I'll cut these ropes for better or for worse
I know my actions will affect more than me
But this is not a firstOne day I'll cut these ropes for better or for worse
I know my actions will affect more than me
This is not a first
This is not a firstI will never sell myself short
