

# I Need a Woman

## Jagged Edge

Leave me alone,  
If you're talking about the same old things  
I need to know, oh  
Is it more to life than those same ol' freaks  
Will she love me for eternity, or  
Leave right out that door?Chorus:  
I need a woman, I do!  
I really need a woman, it's true!  
I really need a woman, woman,  
Ain't no substitution for a woman, woman  
They don't make them like they used to and I want one, I do!  
I really need a woman, its true  
I really need a woman, woman  
Ain't no substitution for woman, woman, they don't mske them like they used to  
And I want one(I need, I need, I need a woman)  
(I need, I need, I need a woman)I sit alone, all my days on my piano, usually solo,  
It's no one at home, oh the girl that said she'll be there,  
Well it's no one there no!  
Will she love me for enternity?  
Or leave right out that door?Chorus:Bridge:If they still made em like they used to  
I wouldn't be singing this song, no  
And if got one just hold onto  
The thing that everybody wants, yeah  
Will she love me for eternity or  
Leave right out that door?Chorus:I need a woman!  
I need a woman!  
I need a woman!
