Soulweeper

Volbeat

So sad, so afraid, so franticWell I found you girl, and see how it turned
I'm sorry that I put your heart on fire
Well I love you too
And I know I should've told you
Way back then
That I wasn't ready yet[chorus]
So sad, so afraid, so frantic
I'm the soulweeper
So sad, so afraid, so franticWell I thought I was
Bursted for this one
I'm a fool in pain
And I feel so ashamed
Well I always said
Nothing was meant to be
Well I still do baby
And I don't like to be[chorus]
So sad, so afraid, so frantic
I'm the soulweeper
So sad, so afraid, so franticWell a new day is born and I like it
Long lost pictures come to life one more time
Well I know that you sit alone, and that hurts
Well we'll always be friends, it's for sure[chorus]
So sad, so afraid, so frantic
I'm the soulweeper
So sad, so afraid, so frantic
