Using the Word

Kalmah

A man with the mask on a mountain
Holding the cross in his blood covered hands
Watching the symbol with respect
Praising the lord for victoryHe led the troops into a battle
Battle of might, glory and trust
Under the flag of the goddess
Surrounded by lies... and greedKilling a thousand years old culture
Taking away the dream
Wasting development
Disturbing the peaceDeath sleeps on the fields
Blood stained scenes artificial believes
Using the word with the sword
No difference, no soul at all
