Avada Kedavra

The Age of Rockets

Well youre not brave if you still keep the letters
And youre not sane if you dont wanna get better
And youre not drunk if you cant stay in your lane, noWell youre not awake but you havent been sleepin
And ya hate god but you dont believe in him
And youre not scared but you still have your eyes closedThe sky explodes
And only you know
[X3]I want you to worry when I dont call you back
[X2]The sky explodes
And only you know
[X4]
