Easy Girl

Crash Normal

You are an easy girl to love
An easy girl to kiss
An easy girl to miss when you're gone
I say girl, you say, yeah I love you
Easy girl, please say I doAnd in the morning when it's cold
An easy girl to hold
And even when we're old and gray
I said girl, you say yeah, well, I love you
Easy girl, please say I doEasy girl, easy girl, when you go, when you go
Well, my heart goes blind and the sun don't shine
Easy girl, if you die then too so shall I
And I'll lay next to you in that grave side by sideI say girl, you say, yeah, I love you
Easy girl, please say I do
Oh yeah, easy girl, please say that I do
