Long Day

Dalvin Degrate

I know you had a long day, baby
Why don't you come over
I've got somethin' for youSince you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for youWanna make you feel good tonight
Because you deserve it
So come around girl
I'll be waiting for youI want you to know that
I appreciate the way you are
You work so hard from day to day
So in return I'll tell you nowYou're special girl
You're beautiful
Tonight's the night
I'm gonna give you the worldSince you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for youWe can take a hot shower
Or whatever my baby wants
Let's have a glass of sweet champagne
Before I lick it all off of youIt'll be better
Than the other night
I promise you
I'm ready to give you the worldSince you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for youI'll run the bath water
(I'll be waiting for you)
Gonna rub you down
(I'll be waiting for you)Gonna kiss you all over
(I'll be waiting for you)
I'll take good care of you
(I'll be waiting for you)Yeah, woo
You're special to me girlYou're special girl
You're beautiful
Tonight's the night
I'm gonna give you the worldSince you've had a long day
Gonna make you feel better tonight
So come around girl

I'll be waiting for you
