Reign In Me

YFriday

I've been touched by the hand of grace
I've been born from the fires to praise
As the touch of Your falling rain
Brings healing to my heart

You have opened my eyes to see
Something beautiful, something real
Now the sound of Your glorious name
Is beating in my heart

Reign in me, reign in me,
Majesty, reign in me

As the song of my life unfolds
And the truth of Your love takes hold
You refine me like purest gold
Bright shining like the sun

Reign in me, reign in me,
Majesty, reign in me

Yesterday, today, forever
You are in me, living in me
Every hour, each day, each moment
Take all of me, lord take all of me
