People So Strange

Tommy Lee

Comin to getcha one autograph one picture
Buyin the shots, hittin the rock yeah muthafuckers even trying to cockblock
And they say "Hey, remember me?" you know my cousin's friend's mother's sister's brother
Shakin the hands, kissin the babies
Hotel lobby, pictures with the ladies
Dudes throwin me sacks of weed on stage
Chicks showin their racks to get backstage
People so strange and bizarre
I know you know that you know who you are
Well, I think I dig you so strange
Never change
Everybody wants, everybody needs someone to love, someone to lead
Here I go trippin, here I go wishin that for once I wasn't me
And they say "Hey, remember me?" you know my cousin's friend's mother's sister's brother
Shakin the hands, kissin the babies
Hotel lobby, pictures with the ladies
Dudes throwin me sacks of weed on stage
Chicks showin their racks to get backstage
People so strange and bizarre
I know you know that you know who you are
I think I dig you so strange
Never change
People so strange and bizarre
I know you know that you know who you are
I think I dig you so strange
Never change
You an' me forever
To be now or never
Will we see each other again
You're so strange you're so strange you're so strange
And I hope you never ever change
