Sunday Mail

Marcy Playground

I'm just out here in the street practically
I'm just waitin' for the Sunday mail
Ooh, it doesn't come
Will you send me something soon?
Will you swing me near the moon?
With those words, I know
I know you will, I know you will
I know you will

I'm just out here in the street, practically
I'm just waitin' for the Sunday mail
Aooo it never comes, ooh
Will you send me something soon?
Will you swing me near the moon?
With those words, I know
I know you will, I know you will
I know you will, I know you will
