Last Real Love

Zoegirl

Take a look Read a book
and you'll liable to find
voices, choices meant to open your mind
So be careful ('cause any thing goes)
In the wake of the date
Our faith is at Stake
it won't stop 'til its all been taken away
You gotta becareful what you followChorus:
Where can I go?
Who can I trust?
'cause I'm tangled between what's real and what's dust
but I'm holding fast tryin to save the last
The last real love
Oh it's hard to tell the truth and the lies
when I'm doubting and I'm tired of trying
But I've taken my stand I'll defend the last
Real love
Last real loveA millenium haze, cultural phase,
it's a dissasociated, medicated daze
You gotta be careful (coz everything is relative)
But if we go with the flow
If we forget what we know
We only end up dried up dying slowly
That's why you gotta be careful what you followChorus:
Where can I go?
Who can I trust?
Coz I'm tangled between what's real and what's dust
but I'm holding fast tryin to save the last
The last real love
Oh it's hard to tell the truth and the lies
when I'm doubting inside and I'm tired of trying
But I've taken my stand I'll defend the last
Real love
Last real loveSomeone has to right the wrong
Someone has to help us coz we're not that far gone
Help us coz we're not that far gone
We still have the last real loveChorus:
Where can I go?
Who can I trust?

Coz I'm tangled between what's real and what's dust
but I'm holding best tryin to save the last
The last real love
Oh it's hard to tell the truth and the lies
when I'm doubting inside and I'm tired of trying
But I've taken my stand I'll defend the last
Real love
Last real loveWhere can i go? Who can I trust?
Where can i go? Who can I trust?
Tangled between what's real and whats dust
Tangled between what's real and whats dust
I'ts hard to tell the truth and the lies
I'ts hard to tell the truth and the lies
Taken my stand I'l defend the last
Real love
Real love
Last real love
Real love
Last real love
