

Somebody's Trying To Kill Me

P.O.D.

I can see your shadow in the darkness
I can hear you whispering my name
I felt you enter in my conscience
I must confess this fear's controlling me
Somebody's trying to kill me
or is this all in my mind?
Somebody's trying to kill me..
I hope i get to the light
Every time i think i'm hearing voices
I ask God, please, make it go away!
See, I've tried to find who's behind the will..
So is this will or am I just paranoid?
Somebody's trying to kill me
or is this all in my mind?
Somebody's trying to kill me..
I hope i get to the light
I don't want to die..
I don't want to die..
I don't want to die..
Somebody's trying to kill me
or is this all in my mind?
Somebody's trying to kill me..
I hope i get to the light
