# Song for Your Tears

## Javier

How am I supposed to let go of this feeling?
How am I supposed to erase this image of your sweet face?
When it seems like just yesterday,
We made a promise of love that I'm about to break
How do I walk away after all these years?
And all I can give you... is a song for your tearsNow we both know the light of our love has been fading
When I come home, tell you bout my day...
You don't hear a word that I say
We carry on like nothing's wrong
We can change up the words, but it's the same old song
Now I've gotta say what we don't wanna hear
And all I have left is a song for your tearsWe can try to disguise what we're both feeling inside
We learned how to love, we learned how to cry
Can we learn how to say goodbye?
GoodbyeSo it's time... the cards are all out on the table
I've packed up my bags... I'm ready to go
But there's something I want you to know
Every day that we shared I will never regret
And the love that we made I will never forgetBut all of those days have long disappeared
And all that remains is a song for your tears
All that remains is the heartache and pain!I know I made a promise to ya baby
But I was wrong, so wrong
I'm so sorry baby, so sorry baby
