talk back havent you said enough for too long.
talk back nothing you say will right what its wrong.
the way you talk like now im gonna have to fix what youve done.
ooe oooo itll happen on its own baby.cuz karmas gonna get you know
and im not gonna stick around
karmas gonna get you now aww aww baby.
and i know that i am gonna keep my pride
my own unimagivable prize.
karmas gonna get you know aww aww babyyeah...yeah...talk like im not gonna wait for you to behave.
talk like acting like youre so sorry uhhh yeah you got me.
thinking what i could do to hurt you but i could wait ohh no no
i dont have to wait anymore.cuz karmas gonna get you know and im not gonna stick around.
karmas gonna get you know aww aww baby.and i know im gonna keep my pride.my own uimagivable
prize.karmas gonna get you know aww aww baby and im not gonna stick around and im not gonna stick
around.karmas gonna get you know ooe oooo ooe oooo.
