Cadillac Ass

Revolution Smile

Looking for something that's better than the one
Looking for another way to hold on to my gun
And I'll wait for another crime
Because the boredom possessed all my timeYou make me
You won't break me
You make me
You won't break me
Because it's better than to be the one
That never wakes upI'm the picture of lonesome my hand is on my gun
I'm moved by the vision of giving to one
I'll wait for another crime
The boredom possessed all my timeYou make me
You won't break me
You make me
You won't break me
Because it's better than to be the one
That never wakesYou make me
You won't break me
Because it's better than to be the one
That never wakes upYou come
You make me
You won't break me
You make me
You won't break me
You make me
You won't break me
You make me
You won't break me
