The rose you bring
That little thing
That makes me sing
So glad youre mineYour crazy ways
Color my days
Take me away
Oh what a rideYour naughty talk
Strikes up a spark
Cuts through the dark
You turn me onYou turn my frown
Make silly sounds
Act like a clown
Dark days are gonePre-Chorus:
All the little things you do
Way you walk, way you talk
Baby by you I am moved
You make my life a dream come true
Wanna be, wanna see
Wanna live my life with youChorus:
Funny things
Silly things
Strange things
That you do
Crazy things
Kind things
Naughty things
That you do (X2)V2
Fulfill my needs
Are what you seem
Say what you mean
Speak honestlyYou dont complicate
Insinuate
Things that you hate
Youre straight with meStrange things you do
Draw me to you
Make you my boo
Youre so sublimeYou wake me up

Hot coffee cup
Cream on the top
You are divinePre-Chorus:
All the little things you do
Way you walk, way you talk
Baby by you I am moved
You make my life a dream come true
Wanna be, wanna see
Wanna live my life with youChorus Repeat
