Bang Out

CLP

Bang out, till the sun comes up
The wheels fall off in the parking lot
'Cause I bang out, keep my glock in hand
While you posted up, chillin' wit cha mans
Bang out, won't catch me sleepin'
While you in the club, rollin' out the keys
'Cause I bang out, shots go off quick
Catch yo' ass butt naked while you wit ya bitch
'Cause I bang out
I toss up the set, I walk up in this bitch
With some gold on my neck, yeah nigga
I'm controlling the set, rock and rollin' the bitch
Then grab a hold of my dick
Oh I pop a hole in ya click
See you don't wanna fuck with this
One nigga found on the ground, we don't fuck around
D O double G pound, L B C style
Victory is mine, and I'm gonna shine
Ain't no need to try, can't stop my grind
Keep my pen in hand, go line from line
If you didn't know just press rewind, victory is mine
Bang out, till the sun comes up
The wheels fall off in the parking lot
'Cause I bang out, keep my glock in hand
While you posted up, chillin' wit cha mans
Bang out, won't catch me sleepin'
While you in the club, rollin' out the keys
'Cause I bang out, shots go off quick
Catch yo' ass butt naked while you wit ya bitch
'Cause I bang out
Eastside, Long Beach, rolling twenties
Yup, we fully wooded
Yeah, we wear the black and gold coats
With the patch in the back, they say its still us
(Bang out)

A lot of niggas wanna do us but they can't
'Cause it is hard to get us
Watch out for the slaters, boy we ride us

Heavy hitters, East Siders yeah
(Bang out)
We shoot first, talk later
Nigga ya all paid us, Doggy Dog's playa
And then I slid away, smoothly get away
Did it and chill away, I am gonna need ta hit a date
I live my life like I was John F Kennedy
Nay I won't be steal away
Fuck a cop nonstop
Twenty grip all day
Bang out, till the sun comes up
The wheels fall off in the parking lot
'Cause I bang out, keep my glock in hand
While you posted up, chillin' wit cha mans
Bang out, won't catch me sleepin'
While you in the club, rollin' out the keys
'Cause I bang out, shots go off quick
Catch yo' ass butt naked while you wit ya bitch
'Cause I bang out
Victory is mine, and I'm gonna shine
Ain't no need to try, can't stop my grind
Keep my pen in hand, go line from line
If you didn't know just press rewind, victory is mine
(Bang out)
Yeah nigger, back banging
The big boss Dogg nigga

(Bang out)
R G nigga rhythmin' gangster, the masterpiece
Fuckin' these niggers up once again
