Dangle

Darren Michaels

Are you serpent or you just danglin' on me?
I watch you sufferin'
(Hands down, swirl, soul)
From the things you could not receive
(Hard to say but I can't)
Yeah dangle on
(Really lie)
Keep danglin' on me
(I feel I could really harm)
I love to watch you suffer
I love to see you crawl
(Crawl through this watch you dangle)
I love to watch you dangle on above these walls
'Cause when all my days are gone
And you all will see
My love go walking home
Well when I run, I dangle on a string
As you cool, you cool
You cool my body down
And when I want to run and when I want to hide, what I want
Well I dangle, I dangle on a string
Dangle on, on a string

Dangle on, all you bring
Dangle on, on a string
Dangle on
I dangle on, as you cool
(On)
You cool, you cool my body down
(Down)
As the clay has crusted on my wings
I feel I've been buried yesterday
But I'll heal by the gorgeousness of my eye
I will heal by the gorgeousness of my eye
Well be strong, well be strong
Till this second wave of my love, of my love
Well dangle on a string
Dangle on, all you bring
Well dangle on, on a string

Dangle on
Well dangle on a string
Dangle on, all you bring
Dangle on, on a string
Dangle on
