Jumpin'

Danger Hardcore Team

I wait until the clock hits midnight
Then in fact, I'm out the door
Pick me up before you drop by
Oh yeah, yeah
I'm ready from my head to my toes
Now we're moving to the floor
Where the music takes me
Who knows, oh yeah
This time I'm gonna get it right
I'm gonna dance 'til the mornin' light
All the boys and girls are out tonight
C'mon everybody say, oh oh
This time I'm gonna get it right
I'm gonna dance to the mornin' light
All the boys and girls are out tonight
C'mon everybody say, oh oh
Everybody's coming, all the party's jumpin'
And we're gonna go crazy, baby
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
I'll be moving my body, body
Now you heard it, let me see you work it
Everybody say, oh oh
You know we won't be home till daylight
I'm movin' to my favorite songs
Everybody's looking so fine, oh yeah
There's a guy who told me where he goes
Gonna let him move real close
Where the movement takes me
Who knows baby, oh
This time I'm gonna get it right
I'm gonna dance ;til the mornin' light
All the boys and girls are out tonight
C'mon everybody say, oh oh
This time I'm gonna get it right
I'm gonna dance to the mornin' light
All the boys and girls are out tonight
C'mon everybody say, oh oh

Everybody's coming, all the party's jumpin'
And we're gonna go crazy, baby
Now you heard it, let me see you work it
Everybody say oh oh
Everybody's coming, all the party's jumpin'
I'll be moving my body, body
Now you heard it, let me see you work it
Everybody say, oh oh, everybody say, oh oh
Everybody say, oh oh, everybody say, oh oh
Everybody's coming, all the party's jumpin'
And we're gonna go crazy, baby
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
I'll be moving my body, body
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
And we're gonna go crazy, baby
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
I'll be moving my body, body
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
And we're gonna go crazy, baby
Now you heard it, let me see you work it
Everybody say, oh oh
Everybody's coming, all the party's jumpin'
I'll be moving my body, body
Now you heard it, let me see you work it
Everybody say, oh oh
