

Say It to Me (Stuart Price Alternative Mix)

Pet Shop Boys

My predicament is simply this
You're an enigma even when you kiss
You won't tell me what or when or how
What do you want from me?
Just tell me now Say it to me
Say it to me (Tell me something)
Tell me want you from me
I could give you all you need
(Tell me something)
I'll tell you what you mean to me
Tell you how it feels for me
(Tell me something) A deeper feeling not a distant smile
You're like a drug, a dream that lasts all night
An unknown territory to explore
Is there something that you're longing for? Say it to me
Say it to me (Tell me something)
Tell me want you from me
I could give you all you need
(Tell me something)
I'll tell you what you mean to me
Tell you how it feels for me
(Tell me something) What do you want?
What do you need? Your distant smile won't tell me when or how
What do you want from me? Just tell me now Say it, say it, say it
Say it to me
Say it, say it, say it
Say it to me (Tell me something)
Tell me want you from me
I could give you all you need
(Tell me something)
I'll tell you what you mean to me
Tell you how it feels for me
(Tell me something) (Tell me something)
You're an enigma even when you kiss
