Advisory - the following lyrics contain explicit language:

Booty me downBooty me down
Take it to the ground
Bring it back up
Gimme gimme now
She a bad bitch
Make it bounce bitch
I make it rain trick
This some stripping shit
Then I dig her down
Make it wiggle down
Left ass cheek
Right cheek now
Hit the splits now
Make them pussy sounds
Three point stance
Time to get it nowBooty me downMake that ass clap
Gone bring it back
Where them girls at
Time to hammer that
Toot it then I boot it
Coochi is the target
And if she's not about it step up out my office
Got my homies now
She bootyed them down
We took her to the crib
Gained that booty down
I'm talkin' freaky shit
Time to get around
Twerk special session
It's time to get it nowBooty me downAh okay, where them girls at?Time to dig downBooty me downDown
