I Think It's Her

Roman Holiday

I've been looking for your hands
I've been running all my ships into the sand
In search of you

I Open up my heavy eyes
What I see it always takes me by surprise
No one in sight

I'm right behind you
Let me find you, please

I saw your face the other day
I reached for you but the wind blew you away
I wish you'd stayed

I'm coming closer
Let me hold you, please

Love is what I want to feel
Dreams, I need them to be real
I think it's her who has my heart
I think it's her who has my heart
