All I Want

Scandal

So many years, you felt your life was not your own
So many nights lying awake, you'd hear yourself saying
But all this time, I've lived my life without even trying
And all along, I knew my heart, I knew my eyes weren't lyingBut all I want is for you to feel like you're alive
(All I want)
All I want is to see some fire in your eyesSo many times, yeah, the sound of the street would call to you
So many ways I know that you could make your dreams come trueBut all you want is to find a world that's not your own
And all you see
(All you see)
Is an outside chance to stand alone for what this is all aboutCan you see?
Well, you run so fast, you'll burn your heart away
Now and then, you'll have to see
That it's only you, it's only meSo many years, well you felt that your life was not your own
So many nights lying awake, you'd hear yourself saying
But all this time, I've lived my life without even trying
And all along, you knew your heart, you knew your eyes weren't lyingBut all you want is to find a world that's not your own
All you see
(All you see)
Is an outside chance to stand alone for what this is all aboutCan you see?
Well, you run so fast, you'll burn your heart away
Now and then, you'll have to see
That it's only you, it's only meYes it's only you, it's only me
Oh, it's only you, it's only me
(All I want, all I want)
All I want
(All I want)
All I want
(All I want)
All I want
