

# Big Teaser

## Saxon

Out with the boys  
Testing my virility  
The booze and the music  
Arousing my curiosity I moved in beside her  
Asked her to rock and roll with me  
Cause I have her classed  
My eyes roam lecherously  
Lecherously, lecherously, lecherously She's a big teaser [Repeat]  
I only see her  
Very occasionally  
She's leading me on  
She's living dangerously  
It's easy to see  
She's making a fool out of me  
Oh but I ain't no fool  
I'll get her eventually  
Eventually, eventually, eventually She's a big teaser [Repeat]
