## **Best Coast**

Honey, you're so fine
I wanna be with you all off the time
I couldn't tell you just how much I loved you
But now that in my [?] tell you all the timeHoney, you're so sweet
I wanna be with you every week
I couldn't tell you just how much I loved you
But now that in my [?] tell you all the timeHoney
Honey

HoneyYou're so good to me when you go away But when you get home you don't have much to say

It doesnt matter to me the way

All I want is for you to stayHoney
