Sled

Starflyer 59

And she don't care, not bad
And she don't care, not herAnd her heart, it's not there
And her heart, it's not there
And her heart, it's not thereAnd she's just a sled
And he's just as badAnd your heart, it's not there
And your heart, it's not there
And your heart, it's not there
And your heart, it's not there
And your heart, it's not there
