Give

Relient K

No one told me the right way
The right way to go about this
So I'll figure it out for myself
'Cause how much is too much to give you?
Well, I may never know
So I'll just give until there's nothing else(Yeah, I'll give, give, give)
Until there's nothing else
(Give my all)
Until it all runs out(Give, give)
And I'll have no regrets
I'll give until there's nothing left
I'll giveNo one told me
How bad I need you
(Need you)
But I somehow arrived
At that conclusion all by myself
(All by myself)And I want all you have to offer
(To offer)
So I'll offer myself
And I'll just give until there's nothing else(Yeah, I'll give, give, give)
Until there's nothing else
(Give my all)
Until it all runs out(Give, give)
And I'll have no regrets
I'll give until there's nothing left(I'll give, give, give)
Until there's nothing else
(Give my all)
Until it all runs out(Give, give)
And I'll have no regrets
I'll give until there's nothing leftSometimes it seems
Like all I ever do is ask for things
Until I ask too much of you
But that's not the way I want to live
I need to change
Yeah, something's got to give, yeah, something's got to(Give, give, give)
Until there's nothing else
(Give my all)
Until it all runs out(Give, give)
And I'll have no regrets

I'll give until there's nothing left to
(Give, give, give)
Until there's nothing else(Give my all)
Until it all runs out
(Give, give)
Give until there's nothing left of me
