Advisory - the following lyrics contain explicit language:

Ough!Consumed,
I feel the rage
Growing inside me,
A fear i cannot contain.At war with an enemy who does not rest, who will never relent.
This city, these lifeless catacombs, our tombs they have become.
Buried alive at birth,
never to return.
To return.Chained to the masses.
Trapped and trained by viscious mindsI let them tear, tear away everything inside.
Strip away my humanity.
Fracture my identity.
Sacrifice my integrity.Just bodies through the teeth of the combine (2x)
yeah!
At war with an enemy who does not rest, who'll never relent
At war with an enemy who does not rest, who'll never...Sleepwalk our lives away
In search of shallow graves.
Sleepwalk our lives away
Lost souls
LostJust bodies through the teeth of the combine (2x)
Just bodies through the teethConsumed,
I feel the rage.
Growing inside me
I will not contain.
I have come to question every truth i know.Not one more step
In the name of progress
In the name of blind ambition
(2x)How the fuck am i supposed to feel
When everything i know lies broken at my feet.
