

# Ninth Ward

## Magic

I'm from the ninth ward  
(Been there since the day I was born)  
From the ninth ward  
(Got us coming up like a storm)  
From the ninth ward  
(Niggas better sound the alarm)  
Here come the ninth ward, ninth ward hardBitch, I was born and raised in the ninth ward  
So you niggas don't bother me  
You can say what you may about the ninth ward  
But I bet you won't follow me'Cross that canal where my niggas dwell  
You know me well  
'Cause I sold rocks, upon my block  
Till I was hotter than hellEvery nigga down here remember me  
Nothin' really changed but my gold teeth  
I'm still that same nigga from my Flood Street  
Only difference now is that I'm on my feetAnd I don't sell dope no mo'  
Don't rob no mo'  
Mane a nigga don't plot no mo'  
'Cause I'm performing in showsShakin' off hoes  
Smokin' on optimos  
It'll be a World War 3 fuck with me  
Now my niggas won't let that rideI'm the only nigga out there screaming 9th Ward  
So people tryin' to keep me alive  
Everywhere I go they see the nine on my arm  
And they swear that I'm in a gangBut nigga this is a warning, I'm 'bout my hands  
Like I'm 'bout them motherfucking thangs  
I'm trouble starter just like my father  
He was raised in the nineSo if you cut my arm it still tated in my mind  
No matter millions or which ever the situation might come  
I'll never forget you niggas  
Never forget where the fuck I'm fromI'm from the ninth ward  
(Been there since the day I was born)  
From the ninth ward  
(Got us coming up like a storm)  
From the ninth ward  
(Niggas better sound the alarm)  
Here come the ninth ward, ninth ward hardI'm from the ninth ward  
(Been there since the day I was born)  
From the ninth ward

(Got us coming up like a storm)  
From the ninth ward  
(Niggas better sound the alarm)  
Here come the ninth ward, ninth ward hard You know, you could take the nigga out the nine  
But you can't take the nine out of nigga  
Pulling capers is my nature  
I'm addicted to making paper Got my own way of living  
Bitch, I'm from the see T see  
Where niggas roam around looking for beef  
Killing for free I take this ward shit to heart  
It's tated on my arm  
So me and my niggas never part  
I keep you niggas in my mind For every clucker that I serve  
For every nigga that I shot  
For every tourist that I robbed  
To every goddamn rock For every cop that done chased me  
To the bitches that hate me  
What have you done for me lately  
For every neighbor that was peeking at four o'clock in da morn It never helped to lock me up  
You could've left me alone  
We learned to improvise on my block  
Never had a ball We played football wit' a concrete rock  
Now picture that  
I could never forget my mission  
I'm a turn the nine into something bigger that yo' vision  
Before I'm done the world'll scream I'm from the ninth ward  
(Been there since the day I was born)  
From the ninth ward  
(Got us coming up like a storm)  
From the ninth ward  
(Niggas better sound the alarm)  
Here come the ninth ward, ninth ward hard I'm from the ninth ward  
(Been there since the day I was born)  
From the ninth ward  
(Got us coming up like a storm)  
From the ninth ward  
(Niggas better sound the alarm)  
Here come the ninth ward, ninth ward hard
