1 On 1

Rupee

Every week the club, ah see you
But I never have enough courage
To come over there and ask a question
And it's driving me crazy, I wanna dance with you
So tonight I'm gonna take my chances
Gonna win or either count my losses
I've got to make my confession
'Cause it's driving me crazy, I wanna dance with you
1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
So tonight it's either now or never
I've waited for this chance forever
I've kept this inside for too long
And it's driving me crazy, I wanna dance with you
Gotta do this now before it's too late
Even if i tempt my own fate
I've kept this inside for too long
And it's driving me crazy, I wanna dance with you
1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
Give me the chance you won't regret
'Cause when we dance I'll make you wet
Just the two of us all night long
1 on 1
Give me the chance you won't regret
'Cause when we dance I'll make you wet
Just the two of us all night long

1 on 1

1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
1 on 1, me and you on the floor
Just us two, up and down all night long
Till the deejay plays the last song
Just us two, 1 on 1
