Skin

3 Pill Morning

I never promised you a black tie love affair
I won't pretend to see that I would ever care
I can't explain (can't explain)
what you do to me
Cause it talks, take it off we're going all night long

If it was ever a question you're never the answer
but I can never get enough of your skin
get back on the mattress and speak with your actions
shut up, get up, let's go again

You never realized the type of love this
You wanted more from me that i could ever give
I can't explain (can't explain)
what you do to me
Cause it talks, take it off (and got me crazy)

If it was ever a question you're never the answer
but I can never get enough of your skin
get back on the mattress and speak with your actions
shut up, get up, let's go again

You've always known i'm not the one
but you're so glad to be so bad
when everything is said and done
It's what we have and it's not that bad

(Give the trash a dump)

If it was ever a question you're never the answer
but I can never get enough of your skin
get back on the mattress and speak with your actions
You know how its gonna end

If it was ever a question you're never the answer
but I can never get enough of your skin
get back on the mattress and speak with your actions
shut up, get up, let's go again
