Laser Beams

Idle Warship

Black veil, some pageant dreams, yeah
Mirrors and TV screens, come on,
Your eye are laser beans, yeah,
Your moves like a trampoline!
And you dont know where you disappear
Oh, watch your way, your...
Oh, watch your way...
Put your hands together!
Short. enemy,
To be or not to be
Believer in daydreams, aha
Sweet smell of gasoline
We dont know where weve been
Aimlessly on the scene
Black girls and magazines
Are breaking out the scene
And you dont know where you disappeared
Oh, watch your way, your...
Oh, watch your way...
Out of space, out of place, ...
Lack of taste, lack of faith
Im the one who grabbed the.
Treasure hunt, pleasure fun,
She wear a collar like ...
She better come, better come
Right here I disappear,
Right here thats the ...
I brought disaster, lack of fear
Tension in the atmosphere
Still I just cant look at them
.staying in my group of .
...you took the cake!
Oh, watch your way, your...
Oh, watch your way...
Oh, watch your way, your...
Oh, watch your way...
What are you looking for?
Keep looking, keep looking!
What are you searching for?

Keep looking, keep searching
Through the laser beams
Through the laser beams
Oh, youre looking so.
What are you waiting for, oh?
