

# Pressure (Acoustic Version - Hidden Track)

## Skindred

Buzzing up with a musical attack  
Rip it up with a boom sound we no lack  
Got the rhythms the dub plat killa tracks  
Annihilate and destroy them we do that  
Letting them know that ah we come fe  
Rock and control again  
Ho ho well  
Setting the pace in the place  
Volume up driving them insane  
Oh that's right  
Turn your system down  
No weak heart can take it  
Burn it to the ground  
Watch how we shatters and we break it  
Pressure  
Stress it just drive them underground  
Cannot take the music killa sound  
Yeah we turn it up and never down  
Pressure Pressure Pressure  
Annoying neighbours are banging on your door  
Saying that they can't take your noise no more  
Your bass is right in there face sounds murder raw  
But ain't turning it off so call the law  
Let them all know that  
The rockers is hard and is here to stay  
Ho ho well  
Tell to move from your step  
And back off and just go away  
Oh das right  
Turn your system down  
You know the weak can't take it  
Burn it to the ground  
Watch how we shatters and we break it  
Pressure  
Stress it just drive them underground  
Cannot take the music killa sound  
Yeah we turn it up but never down  
[Repeat]
