

Starlight (feat. Serayah)

Empire Cast

Where the is smoke
Theres a fire
Burning my heartIf they only know
Your one desire
They world will put an end to allI will ride in the night
On the back of your bike
Put my hands, my hands to the sky
So fast we could fly
Lets leave it behind
So alike I ain't scared anymoreHand in hand we run
Hiding from the sun
Under the starlight
Till the wake up day
My body should stay
Under the starlight
Under starlight
That's right
Fast light, tonight
Under starlight, so bright
Fast light, tonight
