Pretty

Kai Exos

[Verse 1:]
Did not expect to
Find you home so soon
Tales with a twist are my kinda thing
Watch how I wonder
Where you been lately
Wandering...[Chorus:]
The shape of you
Famously my favourite
Our bed is never made
In this pretty little place we saved[Verse 2:]
Had I known how to
Capture the moon
Bottled with earth and the newness of you
Hear how I say
The secret of our story
In rhythm and glory[Chorus:]
The shape of you
Famously my favourite
Our bed is never made
In this pretty little place we saved[Verse 3:]
Me I'm mixed up in
Methods and madness
Go 'til our golden years are past us
Three, maybe four then?
To help us remember
Our own ever-after[Chorus out]
